From R Baumgartner R Pottier B Krammer H Stepp : Photodynamic Therapy with ALA: A Clinical Handbook (Comprehensive Series in Photochemical & Photobiological Sciences) Photodynamic Therapy with ALA: A Clinical Handbook (Comprehensive Series in Photochemical & Photobiological Sciences):

Photodynamic therapy PDT is increasingly being used amongst health practitioners in combating a variety of diseases One common strategy used during this light activated process is to induce the accumulation of significant amounts of a photosensitising agent in the diseased tissue The naturally occurring amino acid 5 aminovulnic acid ALA is used to produce high levels of the photosensitizer Protoporphyrin IX in the therapy known as ALA PDT Written by experts in the dermatology section receives good coverage and guides the reader how to do it which should be a great help to the dermatologist who would want to add PDT to the gamut of their therapeutic armamentarium The book should interest both the beginner and th
