**By Donald C. Correll : Physician Assistant Acute Care Protocols - FOURTH EDITION: For Emergency Departments, Urgent Care Centers, and Family Practices** since the centers for medicare and medicaid services cms published its final rule on the 2015 medicare physician fee schedule and especially since family practice des moines university a private graduate university of the health sciences is pleased to provide this catalog for the 2017 18 Physician Assistant Acute Care Protocols - FOURTH EDITION: For Emergency Departments, Urgent Care Centers, and Family Practices:

0 of 0 review helpful Highly recommended for PA students By Won Hee Oh This has been my go to book during my Emergency Medicine rotation I have other acute care reference books but this is the one I consistently grab when I

only have a short time to look something up It s easy to read and just thorough enough to be readily useful in clinical practice Most importantly it s reliable and evidence based I know I will b This is the Fourth Edition of the first compendium of acute care protocols created for the Physician Assistant Over 140 concise fast reading protocols for Physician Assistants working in acute care within an emergency department urgent care center or family practice Covers cardiovascular respiratory endocrine toxicology neurology musculoskeletal gastrointestinal genitourinary disorders electrolyte and acid base disturbances HEENT trauma pediatrics geriat From the Author This edition updates the Third Edition
