By Lionel Fry : An Atlas of Psoriasis atlas dermatology is a dermatologist specializing in services for skin cancer acne moles and psoriasis in baton rouge la call your dermatologist today dermnet is the largest independent photo dermatology source dedicated to online medical education though articles photos and video dermnet provides information on a An Atlas of Psoriasis:

0 of 0 review helpful Very informative and understandable By Janiece M Mack Finally a book that was very informative and understandable Pictures included that showed just what psoriasis looks like that could be compared

with my personal sores Very pleased with this Atlas Psoriasis is one of the most commonly encountered skin diseases yet its etiology is complex and approaches to diagnosis and treatment vary considerably This illustrated atlas provides a comprehensive visual record of the different stages of the disease and the various ways in which it presents at different sites on the body The illustrations are accompanied by a text which provides practical guidance on differential diagnosis as well as on management prognosis and e In this slim but focused book Professor Lionel Fry has captured all we need to know about eczema replete with diagrams helpful reminders in illustrative form and plenty of pictures of the many expressions of eczema The teachings of the renowned Professor
